

APPLICATION FOR PERMIT

Serial No. 5894

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office DEC -6 1919
 Returned to applicant for correction _____
 Corrected application filed _____

The undersigned Pete Arena Company
Name of applicant
 of Austin, County of Lander,
 State of Nevada, hereby make s application for
 permission to appropriate the public waters of the State of Nevada,
 hereinafter stated. (If applicant is a corporation give date and
 place of incorporation.) _____

1. The source of the proposed appropriation is Spanish Canon Creek.
Name of stream, lake, or other source.

2. The amount of water applied for is 5/10 second-feet.
One second-foot equals 40 miners' inches.

3. The water to be used for irrigation and domestic purposes.
Irrigation, power, mining, manufacturing, domestic, or other use.

4. The water is to be diverted from its source at the following
 point: This is an application for permit to change the place of
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land it should be so stated.
use of water granted under Permit No. 4478. (SEE SUPPLEMENTAL SHEET.)

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

(a) Number of acres to be irrigated is _____
 (b) Description of land to be irrigated _____
Describe by legal subdivision, or if on unsurveyed land it

should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

(c) Irrigation will begin about _____ and end about _____
Month.
 _____, of each year.
Month.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION

(d) Power to be developed is _____ horsepower.

(e) Works to be located _____
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.

(f) Point of return of water to stream _____
Describe in same manner as point of diversion.

(g) Remarks _____

DESCRIPTION OF PROPOSED WORKS

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water

is to be stored in reservoirs it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

5. Estimated cost of works _____

6. Estimated time required to construct works _____

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed _____ cubic feet per second.

Actual construction work shall begin on or before _____

Proof of commencement of work shall be filed before _____

Work must be prosecuted with reasonable diligence and be completed on or before _____

Proof of completion of work shall be filed before _____

Application of water to beneficial use shall be made on or before _____. Proof of the application of water to beneficial use must be filed with State Engineer on or before _____

WITNESS MY HAND AND SEAL this _____ day
of _____

State Engineer.

APPLICATION FOR PERMISSION TO CHANGE THE PLACE OF USE
OF PUBLIC WATERS OF THE STATE OF NEVADA, AS
GRANTED UNDER APPLICATION AND PERMIT
No. 4478.

Date of first receipt and filing in State Engineer's office DEC-6 1919
The undersigned, PETE ARENA COMPANY, of Austin, County of Lander,
State of Nevada, Hereby makes Application for permission to change
the place of use of the public waters of the State of Nevada, as here-
inafter stated:

1. The source of the appropriation is Spanish Canon Creek.
2. The quantity of water to be changed is 5/10 of a second foot.
3. The water is to be used for irrigation and domestic purposes.
4. The water is diverted from its source at the following point:-
The SE $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 4, T. 17 N., R. 44 E., M.D.B. and M., being the
same point described in Application and Permit No. 4478.
- (a) Number of acres to be irrigated is FIFTY, and the number of
acres for which Permit No. 4478 was granted is FIFTY.
- (b) Description of land to be irrigated under original application
and permit:- Parts of SW $\frac{1}{4}$ of NW $\frac{1}{4}$ Sec. 1, and Lot 1 of Sec. 2, T. 17
N., R. 44 E., M.D.B. and M.
- (b) Description of land it is desired to change place of use to is:-
Parts of SE $\frac{1}{4}$ of NW $\frac{1}{4}$ and NW $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 1, T. 17 N., R. 44 E.
- (c) Irrigation will commence about April 1st, and end about October
31st of each year.
- (f) Point of return of water to stream: It is not to be returned.
- (g) Remarks. Ditch has been constructed and attempts made to irr-
igate the lands described under original application, (which are
located upon a bench above and south of "Birch" Creek bottom), but
the soil is too porous and impossible to irrigate without great
loss of water; and this change in place of use is for purpose of
conveying the water upon land lying along the bottom and north
of said Birch Creek, where the land is known to be of proper char-
acter for cultivation and irrigation.
The proposed extension of the ditch now constructed will be of
same size as the present ditch, of three feet wide, by two feet
deep, and about half a mile in length.

DESCRIPTION OF PROPOSED WORKS

The water is diverted from Spanish Creek channel by a dam and
ditch, and carried about two miles and attempt made to irrigate
the land, when it was discovered it was impossible under usual
methods to keep the water sufficiently close to the surface of
the ground where it could be available for use by the plants
for the structural growth.

5. Estimated cost of works \$300.00
6. Estimated time required to construct works Two months.
7. Remarks

Pete Arena Co, Applicant.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the place of use of water heretofore granted under permit No. 4478, is issued with the understanding that no valid rights will be affected by said proposed change. A substantial headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.5 cubic foot per second.

Actual construction work shall begin on or before April 29, 1927

Proof of commencement of work shall be filed before May 29, 1927

Work must be prosecuted with reasonable diligence and be completed on or before June 29, 1927

Proof of completion of work shall be filed before July 29, 1927

Application of water to beneficial use shall be made on or before

August 29, 1928. Proof of the application of water to beneficial use must be filed with State Engineer on or before September 29, 1928

Cultural Map - 9-5-29

Proof of labor filed Oct. 24, 1927

WITNESS MY HAND AND SEAL this 29th day

of July, 1926

Proof of (AMENDMENT) of work filed Oct. 24, 1927

Proof of Beneficial use filed Sept. 26, 1927
